Aly Raisman	3
Amy Chow	3
Annia Hatch	2

Five-Number Summary

Minimum: _____

Maximum: _____

Median: _____

Lower Quartile: _____

Upper Quartile: _____

Compare the two sets of data. What conclusions can you make about the data?

Olympic Swimming & Gymnastic Medalists Box & Whisker Plot Analysis

- 1) What data point do both sets of data share?
- 2) What is the difference between the two interquartile ranges?
What does this reveal about swimmer versus gymnast medalists?
- 3) What is the difference between the ranges of the two groups?
- 4) What could be the reason for the differences in the two box and whisker plots?
