- Certain

Name: \_\_\_\_\_

# Probability scale 0 to 1

Look at this probability line.

Impossible = 0  
 Poor chance = 0.25  
 Fair = 0.5  
 Good chance = 0.75  
 Certain = 1

Write each letter in the correct place on the probability line.

a. It will be daylight in New Orleans at midnight.  
 b. The sun will come up tomorrow.  
 c. If I toss a coin it will come down heads.

Write each letter in the correct place on the probability line.

- C/ACC 13 a. If I cut a pack of cards I will get a red card.
- C/ACC 14 b. If I cut a pack of cards I will get a diamond.
- C/ACC 15 c. If I cut a pack of cards I will get a diamond, a spade, or a club.
- C/ACC 16 d. If I cut a pack of cards I will get a diamond, a spade, a club, or a heart.
- C/ACC 17 e. If I cut a pack of cards it will be a 15.

Write each letter in the correct place on the probability line.

- B/A 18 a) Next week, Wednesday will be the day after Tuesday.
- B/A 19 b) There will be 33 days in February next year.
- B/A 20 c) It will snow in Miami in May.
- B/A 21 d) It will snow in Chicago in January.
- B/A 22 e) The next person to knock on the door will be a woman.
