PRACTICE WITH VENN DIAGRAMS

1) 160 Students at the Medfield High School Junior Class. Make a Venn Diagram using the information below.

- 55 take French
- 90 take History
- 25 take both

2) At Marlin High School, 80 juniors have a part-time job, 110 juniors drive to school, and 35 juniors both drive and have part-time jobs. There are 280 juniors at school. Make a Venn Diagram and then answer the questions below.

- How many juniors are there at the school?
- How many juniors drive to school?
- How many juniors neither drive nor have part-time jobs?
