## Cash or Credit? An Interest Lesson

- 1) What is interest?
- 2) What are three examples of situations when you use interest.
  - a)
  - b)
  - c)

3) Watch the video lesson on finding interest.

- a) What is the interest formula?
- b) Define the four parts of the formula.

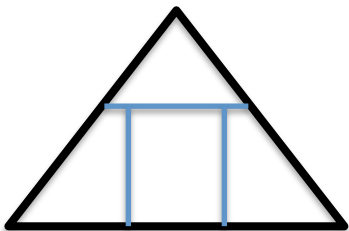

1)

2)

3)

4)

c)

Fill in the triangle like the video does.  
This is a great way to remember the  
parts of interest.

**d)**

**1) How would you find P?**

**2) How would you find R?**

**3) How would you find T?**
