

Name: _____

Date: _____

the Coordinate

#1

plane...

① Match the ordered pair with its corresponding point. IDENTIFY what quadrant the point is in.

Ⓐ $(-4, -1)$ K

Ⓓ $(-2, 8)$ A

Ⓑ $(-5, 0)$ L

Ⓔ $(0, -3)$ F

Ⓒ $(6, 5)$ J

Ⓕ $(-1, -7)$ M

② Plot the points on the coordinate plane. Then connect the dots to form a polygon.

Ⓐ $A(-2, 2)$ $B(-5, 5)$ $C(-8, 2)$ $D(-5, -5)$

What polygon did you create?

Kite

Ⓑ $M(2, 4)$ $N(5, 7)$ $O(8, 6)$ $P(5, -3)$

$Q(3, -2)$

What polygon did you create? pentagon
