

Name: _____

Date: _____ #6

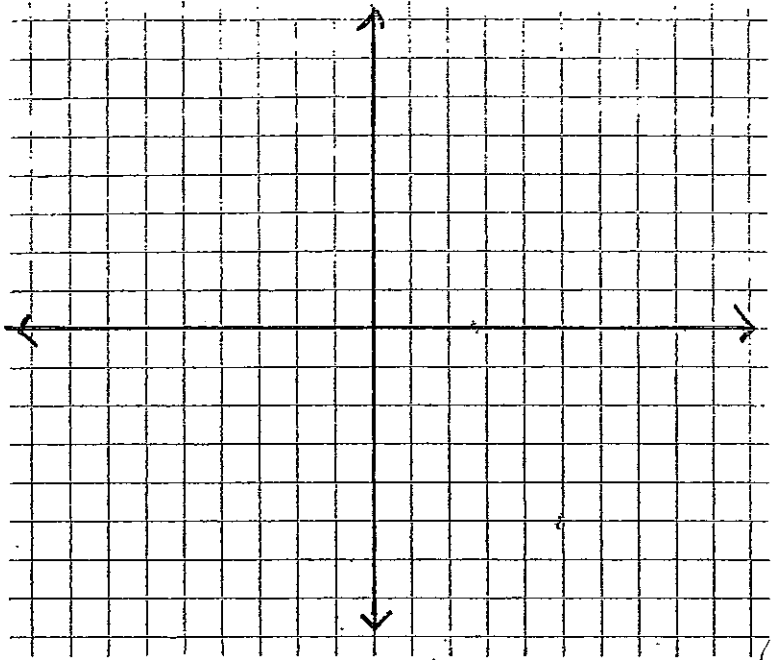

Representing Data Graphically

1) $4 - x = y$

Make a table of values:

x				
y				
y)				

Plot your points and connect them:

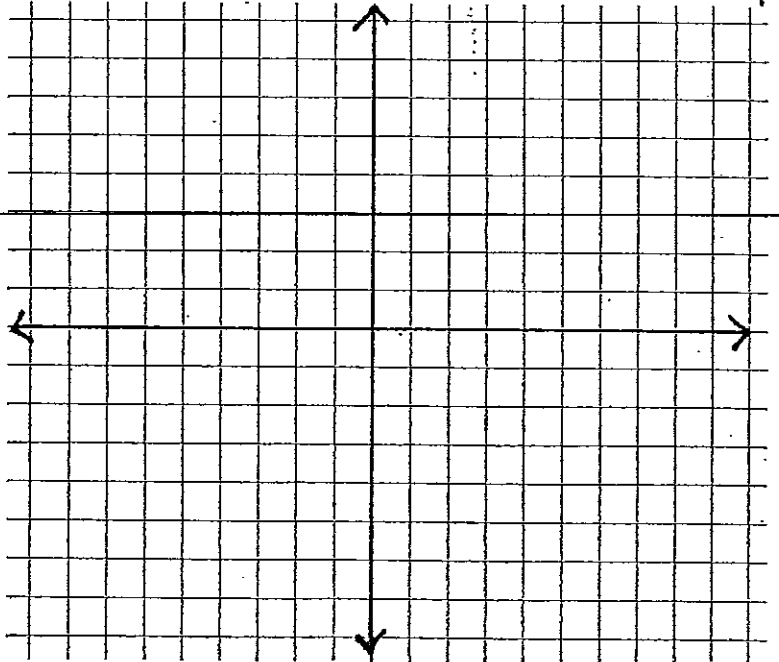

What kind of slope does this line have? _____

2) $2x + 3 = y$

x				
y				
y)				

Plot #2 and #3 on this coordinate plane

What kind of slope does #2 have? _____

3) $x + y = 5$

x				
y				
y)				

What kind of slope does #3 have?
