

WEEKEND HOMEWORK PLEASE DO!!!

- 1) Mrsgumas.com, unit 6, live with Mrs. G, watch 3 videos:
 - Intro to solving equations (7 mins)
 - 1 step equations with fractions and decimals (7 mins)
 - 2 step equations (6 mins)
 - Complete the 2 attached worksheets
 - Come to class on Monday with questions and ready to show what you learned!!

NAME:

①

Equations at your own pace

Practice-
One-Step Equations

1)

$$7 = n + 33$$

2)

$$\frac{x}{4} = 80$$

3)

$$11x = 121$$

4)

$$y - 18 = 3$$

5)

$$\frac{8}{5}x = \frac{4}{15}$$

6)

$$9 = -\frac{3}{4}y$$

7)

$$-11 = b - 9$$

8)

$$\frac{m}{-3} = 9$$

9)

$$-53 = p - (-5)$$

10)

$$x - (-15) = 58$$

2

Equations at your own pace

Two-Step Equations Practice

1) $4y - 6 = 16$

2) $-1 = \frac{x}{3} - 7$

3) $7d + 1 = 15$

4) $\frac{a}{3} + 4 = 6$

5) $3x - (-7) = 19$

6) $\frac{x}{-2} + 12 = -2$

7) $\frac{2}{3}p - 4 = 2$

8) $\frac{x}{-3} - 6 = 7$

9) $-32 = 7x - 4$

10) $-15 = 4p + 1$
